

**Remarks**

This case has been reviewed and analyzed in view of the Official Action dated 11 July 2008. In the Official Action, the Examiner has found two patentably distinct Species, namely, Species I directed to Claim 1 drawn to bioglass; and Species II directed to Claim 3 drawn to the bioglass mixture. The Examiner has required that Applicant choose one Species for further prosecution in this case.

By this Amendment and Response, Applicant elects Species I directed to Claim 1. Claim 3 has been canceled.

It is now believed that the subject patent application has been placed in condition for issuance and such action is respectfully requested.

Respectfully submitted,
